## 787 DAYS

Have alsored since the day on which the city sufficiention, a month pre-simaly, definingly cromised that it would furnish water through the city, mains, and that promise has not been fulfilled.

The contention of The World is not that the city has not a proven supply of good water soliable for drinking purposes, but that the water dopart ment has not up to this time delivered it in the mains.

The messenger boy is ne'er at a loss By a new designation to ask for "the boss";
When he first tried to find a new name for relief
It was quite satisfying to call for "the chief".

Of course he got tired of this by and by, And changed the request to, "I want the head goy,"
Which, in turn, was expanded by some of the boys
Into, "Hey, here's a wire for de prin-
